

RER1017 Regional Workshop on Techno-commercial Aspects for Setting New Radiation Facilities

Hosted by

The Government of Slovakia

through the

University Center of Electron Accelerators and Slovak Medical University

Trencin, Slovakia

13 – 15 December 2017

Ref. No.: ME-RER1017-1704300

Information Sheet

A. Purpose

The purpose of the workshop is to provide theoretical background and to share practical experiences on the techno-commercial aspects concerning the requirements, technological background, and feasibility conditions for setting new or upgrading existing gamma and electron beam irradiation facilities.

B. Working Language(s)

The working language(s) of the event will be English.

C. Deadline for Nominations

Nominations received after **27 October 2017** will not be considered.

D. Scope and Nature

The workshop will consist of presentations with respect to traditional and novel radiation processing technologies available and new designs of gamma and electron beam irradiation facilities, as well as the advantages and disadvantages of the industry. Reviews from individual countries of the region will be given to share experiences during the decision-making process, preliminary organization matters, planning and establishing/upgrading of irradiation facilities as well as about ongoing investments. During the workshop a visit will be organized to the new Ebeam facility established in Slovakia to share up-to-date experiences, difficulties and successful achievements.

E. Participation

The meeting is open to 23 participants from Member States.

Each country is invited to nominate **one or more participants** who must match the profile described in the corresponding paragraph, indicating the order of priority.

F. Participants' Qualifications and Experience

The participants should be either, a) stakeholders of radiation processing industry, decision makers and technical specialists in the management of running industrial irradiation facilities, or b) decision-makers and technical specialists from countries that are interested in/planning to establish new facilities.

G. Application Procedure

Candidates wishing to apply for this event should follow the steps below:-

1. Access the IAEA TALEO page (<https://iaea.taleo.net/>) and complete the Candidate Profile.
2. Be registered on the Nucleus page of the IAEA (<https://nucleus.iaea.org/>).
3. Through Nucleus, access the InTouch+ platform where the Profile is completed (My Profile tab) (<https://nucleus.iaea.org/Pages/InTouchPlus.aspx>).

NOTE: The email used for TALEO and Nucleus must be the same. If not, the candidate's profile will not appear complete.

4. On the InTouch + platform, under the 'My InTouch +' tab, the candidate needs to:
 - a. select the institute / organization that he/she works at / represents ('My Institute' section);
 - b. click on the link called 'Refresh Personal History Form' to update the system, *otherwise the nominations submitted will have these fields empty and it will not be possible to evaluate them during the selection of candidates* ('IAEA Recruitment Platform' section).

NOTE: Once the above steps are finalized, the candidate's profile will appear as completed and he/she can apply for Technical Cooperation events.

5. In the InTouch+ platform (<https://Intouchplus.iaea.org>), in the 'Applications' tab, search by the event number provided in the invitation.

The help for each step is located at the top of the page. For additional help on how to register, create a profile and apply for an event, please refer to the online guide and training videos available under the following links: [how-to guide](#) and [training videos](#). Any issues or queries related to the new system can be addressed to InTouchPlus.Contact-Point@iaea.org or TC-AIPS-PL4.Contact-point@iaea.org.

Should this not be possible, applicants may download the Nomination Form for the ME from the IAEA website <https://www.iaea.org/services/technical-cooperation-programme/how-to-participate>.

Applications should contain sufficient information to establish that the nominees have the required qualifications. Completed applications need to be endorsed by the relevant national authority, i.e. the National Liaison Office and submitted through the established official channels.

H. Administrative and Financial Arrangements

Nominating authorities will be informed in due course of the names of the candidates who have been selected, and will at that time be informed of the procedure to be followed with regard to administrative and financial matters.

Selected participants will receive an allowance from the IAEA sufficient to cover their costs of lodging, daily subsistence and miscellaneous expenses. They will also receive either a round-trip air ticket based on the most direct and economical route between the airport nearest their residence and the airport nearest the duty station through the IAEA's travel agency American Express, or a travel grant, or they will be reimbursed travel by car/bus/train in accordance with IAEA rules for non-staff travel.

I. Disclaimer of Liability

The organizers of the event do not accept liability for the payment of any cost or compensation that may arise from damage to or loss of personal property, or from illness, injury, disability or death of a participant while he/she is travelling to and from or attending the course, and it is clearly understood that each Government, in approving his/her participation, undertakes responsibility for such coverage. Governments would be well advised to take out insurance against these risks.

J. Note for female participants:

Any woman engaged by the IAEA for work or training should notify the IAEA on becoming aware that she is pregnant.

The Board of Governors of the IAEA approved new International Basic Safety Standards for Protection against Ionizing Radiation and for the Safety of Radiation Sources. The Standards deal specifically with the occupational exposure conditions of female workers by requiring, inter alia, that a female worker should, on becoming aware that she is pregnant, notify her employer in order that her working conditions may be modified, if necessary. This notification shall not be considered a reason to exclude her from work; however, her working conditions, with respect to occupational exposure shall be adapted with a view to ensuring that her embryo or foetus be afforded the same broad level of protection as required for members of the public.

K. Organization

Programme Management Officer: Ms Carmina Elizabeth Jimenez Velasco
