

# **TC Meeting on Regulatory Review of Safety Case for Post-Closure of Radioactive Waste Disposal of DSRS**

**Hosted by**

The Government of Greece

**through the**

Greek Atomic Energy Commission (GAEC);  
Athens, Greece

**16 October 2018 – 19 October 2018**

**Ref. No.:** ME-INT9182-1705438

## **Information Sheet**

### **Purpose**

The purpose of the event is to discuss and enhance participant's understanding of regulatory review of post-closure safety cases for radioactive waste disposal, focusing on disposal of DSRS, and to provide training on regulatory review of such safety cases by running practical training exercises using materials available from real examples of safety cases and safety assessments. The event will include presentations/lectures on (i) concepts for DSRS disposal, (ii) on post-closure safety assessment, (iii) on the safety case for disposal facilities, (iii) on the role of the regulatory body, (iv) on regulatory review and assessment of disposal safety cases and post-closure safety assessments.

### **Working Language(s)**

The working language(s) of the event will be English.

## **Deadline for Nominations**

Nominations received after 13 July 2018 will not be considered.

## **Scope and Nature**

The principal output from the event will be more knowledgeable and better trained regulatory staff in the participating Member States. The preparations for the meeting will provide training exercises that may be refined and used in further events.

## **Participation**

The meeting is open to 30 participants from Member States.

Participants will be expected to discuss the topics of the meeting and bring their experiences to the meeting. The participants will be expected to take part actively in desk top safety cases and safety assessment review exercises and discuss issues raised lessons learnt.

## **Participants' Qualifications and Experience**

The participants should primarily be staff from regulatory bodies involved with DSRS and radioactive waste disposal, safety case and safety assessment specialists.

## **Occupational Exposure to Radiation**

This event may involve occupational exposure to radiation. Therefore, persons nominated are required to duly complete and return the Occupational Exposure History (OEH) form. Persons not covered under a radiation surveillance programme are required to provide:

- A medical certificate or personal declaration of health fitness to work with ionizing radiation;
- Information on your training in radiological protection;
- The dose records of the past five years (if available).

The IAEA will provide participants in due course with a dosimeter to monitor their occupational exposure during this event.

# Application Procedure

Candidates wishing to apply for this event should follow the steps below:

1. Access the IAEA TALEO page (<https://iaea.taleo.net/>) and complete the Candidate Profile.
2. Be registered on the Nucleus page of the IAEA (<https://nucleus.iaea.org/>).
3. Through Nucleus, access the InTouch+ platform where the Profile is completed (My Profile tab) (<https://nucleus.iaea.org/Pages/InTouchPlus.aspx>).  
**NOTE:** The email used for TALEO and Nucleus must be the same. If not, the candidate's profile will not appear complete.
4. On the InTouch + platform, under the 'My InTouch +' tab, the candidate needs to:
  - a. select the institute / organization that he/she works at / represents ('My Institute' section);
  - b. click on the link called '**Refresh Personal History Form**' to update the system, *otherwise the nominations submitted will have these fields empty and it will not be possible to evaluate them during the selection of candidates* ('IAEA Recruitment Platform' section).  
**NOTE:** Once the above steps are finalized, the candidate's profile will appear as completed and he/she can apply for Technical Cooperation events.
5. In the InTouch+ platform (<https://intouchplus.iaea.org>), in the 'Applications' tab, search by the event number provided in the invitation.

The help for each step is located at the top of the page. For additional help on how to register, create a profile and apply for an event, please refer to the online guide and training videos available under the following links: [how-to guide](#) and [training videos](#). Any issues or queries related to the new system can be addressed to [InTouchPlus.Contact-Point@iaea.org](mailto:InTouchPlus.Contact-Point@iaea.org) or [TC-AIPS-PL4.Contact-point@iaea.org](mailto:TC-AIPS-PL4.Contact-point@iaea.org).

Should this not be possible, applicants may download the Nomination Form for the ME from the IAEA website <https://www.iaea.org/services/technical-cooperation-programme/how-to-participate>.

Applications should contain sufficient information to establish that the nominees have the required qualifications. Please note that the information regarding LANGUAGE SKILLS, EDUCATION AND WORK EXPERIENCE is exported from TALEO. If an applicant's profile in TALEO is not updated, the information in INTOUCH+ for these sections appears as empty and the candidates cannot be evaluated. Completed applications need to be endorsed by the relevant national authority, i.e. the National Liaison Office and submitted through the established official channels.

## **Administrative and Financial Arrangements**

Nominating authorities will be informed in due course of the names of the candidates who have been selected, and will at that time be informed of the procedure to be followed with regard to administrative and financial matters.

Selected participants will receive an allowance from the IAEA sufficient to cover their costs of lodging, daily subsistence and miscellaneous expenses. They will also receive either a round-trip air ticket based on the most direct and economical route between the airport nearest their residence and the airport nearest the duty station through the IAEA's travel agency American Express, or a travel grant, or they will be reimbursed travel by car/bus/train in accordance with IAEA rules for non-staff travel.

## **Disclaimer of Liability**

The organizers of the event do not accept liability for the payment of any cost or compensation that may arise from damage to or loss of personal property, or from illness, injury, disability or death of a participant while he/she is travelling to and from or attending the course, and it is clearly understood that each Government, in approving his/her participation, undertakes responsibility for such coverage. Governments would be well advised to take out insurance against these risks.

## **Note for female participants**

Any woman engaged by the IAEA for work or training should notify the IAEA on becoming aware that she is pregnant.

The Board of Governors of the IAEA approved new International Basic Safety Standards for Protection against Ionizing Radiation and for the Safety of Radiation Sources. The Standards deal specifically with the occupational exposure conditions of female workers by requiring, inter alia, that a female worker should, on becoming aware that she is pregnant, notify her employer in order that her working conditions may be modified, if necessary. This notification shall not be considered a reason to exclude her from work; however, her working conditions, with respect to occupational exposure shall be adapted with a view to ensuring that her embryo or foetus be afforded the same broad level of protection as required for members of the public.

## **IAEA Contacts**

Programme Management Officer (responsible for substantive matters):

Mr Neil Victor Jarvis  
Division for Africa  
Department of Technical Cooperation  
International Atomic Energy Agency  
Vienna International Centre  
PO Box 100  
1400 VIENNA  
AUSTRIA  
Tel.: +43 1 2600 22466  
Fax: +43 1 26007  
Email: N.V.Jarvis@iaea.org

Administrative Contact (responsible for administrative matters):

Ms Olivia Rossignol  
Division for Africa
